Antonio Basile

Software Developer

Hi, my name is Antonio Basile and I'm a software developer with experience in frontend and backend develop. Now, I work with a small team where I take care of frontend develop. I'm looking for a company that allows me to increase my front-end skills and learn new technologies. In my spare time, I learn something new, read books and play football.

Experience

2022

Be gear srl

Senior Software Developer

Consulting in an international company that works on projects in the Food Industry. My main tasks are:

- Analysis
- Frontend Implementation
- Frontend and Backend Problem/Bug Resolution

2021-2022

Fides srl

Software Developer

Consulting in a national company that works on projects in the Finance/Insurance sector. My main tasks were:

- Frontend/Backend Implementation
- Issue/Bug Resolution

2019-2021

Amaris Consulting srl

Junior Software Developer

Consulting in a company working on projects in the Banking sector. My tasks were primarily backend and included:

- Batch creation
- Creation of functions or procedures in Oracle DB
- Tasks in J2EE projects

2018-2019

HRM Informatica

Junior Software Developer

Consulting in a company operating in the energy sector. My tasks were evolutionary on projects implemented with the Spring Framework.

Education

2015-2019

Università degli Studi Aldo Moro

Bachelor's Degree in Computer Science and Digital Communication.

grade: 90/110
